Continue adding courses until you are done creating your plan.

Validate Against the Degree Audit

When a plan is validated, the audit is rerun to reflect how planned courses apply throughout your program of study. It's a good idea to validate often to double-check where courses are applying to make sure you are satisfying requirements and where they might be completing more than one requirement.

Validate planned courses against the audit by selecting the checkmark icon at the top of the plan

Approved Term and/or Plan

Some schools may use the approval option. Approved terms and plan can only be activated on the Plan that is designated as Preferred. This will lock the term or the entire plan so changes can only be made to that term or plan with assistance from an advisor.

MNTC Goals Offering Frequency Prerequisite Corequisite Course Availability	

In that case, using the Offering Frequency information (if available) can help you know which terms the course is usually offered.

In this example, Offering Frequency tells us that the course is usually offered Fall – All Years, Spring – All Years, and Summer – All Years. I know my school doesn't have the Spring 2021 schedule published yet, so I will leave the course on my plan and when that term schedule is published, availability will be updated and reflected on the Plan and in the Course Availability grid.
